I thoroughly enjoyed my time studying at EIILM - the diverse, knowledgeable and experienced professors, helped me and guided me with the best. It was a great learning time for me both on professional and personal level. I also feel lucky to win a chance, to be a part of the Study Tour in Thailand Trip with the EIILM team, which will forever remain memorable to me.

I've been a part of EIILM since my undergraduate course. Throughout this journey, I've been exposed to numerous activities and assignments which have helped me to realise my true potential with the support of our teachers. The academics are very practical and pertinent. The ambience is great, and the institute is very hospitable and courteous. My due thanks to the faculty members for their continuous support and guidance.
